

HWM 075

Four Head Welding Machine – Heritage Specification on one side

- Welds four corners of PVC profiles simultaneously at 90° with high accuracy for wood look corners
- Diagonal and parallel joining methods increase the frame strength
- Allows fast data import via a 21.5" touch screen monitor
- Adjustable 2mm and 0.2mm setting
- The temperature is digitally controlled
- Heated welding knives provide better welding results in cold weather conditions
- Welding fixtures can be changed quickly and easily
- Central lubrication system improves maintenance
- Teflon wrapping device
- Full guarding with alarm sensors for safe operation

Technical Features

- Power supply: 415V, 3ph, 50-60Hz
- Total power output: 11.75kw, 30.9A
- Maximum welding dimensions: 3,000mm x 2,585mm
- Minimum welding dimensions: 420mm x 420mm
- Minimum welding dimensions with Gasket Pressing System: 520mm x 570mm
- Maximum profile height: 180mm
- Minimum profile height: 30mm
- Max profile width: 120mm
- Air pressure: 6-8bar
- Machine height: 1,740mm
- Machine length: 5,380mm
- Machine width: 5,060mm
- Machine Weight: 2,300kg

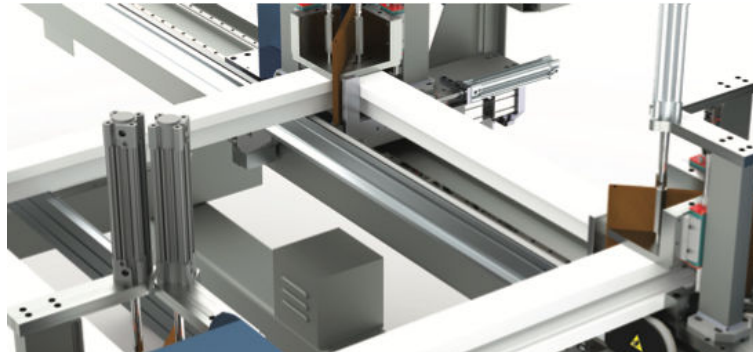

Optional

Barcode reader (AK 002)

Contour blocks

Gasket pressing machine (AK 032)
